C2

An Outstanding Opportunity:

To learn about the power of thermal imaging, for hands-on demonstrations of the newest FLIR infrared cameras and test & measurement tools, and to see how FLIR solutions can help you more efficiently get the job done right.

Come join us at: Dominion Electric

4080 Westfax Drive Chantilly, VA 20151

Phone # (703) 631-8300

WEDNESDAY, NOVEMBER 4TH

- Morning session - 9:00 to 11:00am
- Afternoon session - 1:00 to 3:00pm

Find out How FLIR thermal imaging can help you:

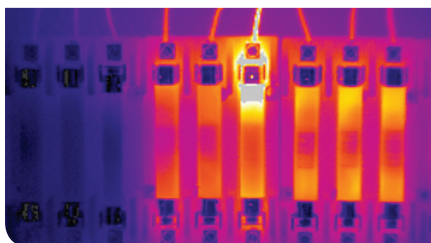

- Improve plant efficiency & maximize cost savings
- Improve worker safety
- Conquer common temperature measurement challenges

Topics include:

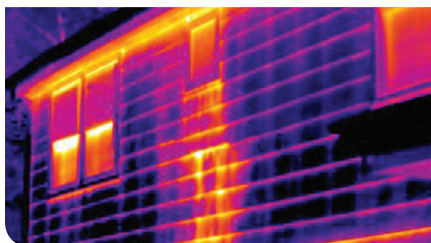

- Electrical Infrared Thermography
- Energy Efficiencies
- Mechanical Applications (motors & Bearings)
- Moisture & Restoration
- Home Energy Assessment
- Optical Gas Imaging (for refineries, natural gas & furnaces)
