

DESIGNERS' CHOICE *Awards*

Our annual survey of area designers and architects reveals their industry favorites

Each year, HOME & DESIGN polls hundreds of industry professionals to find out who they consider to be the past year's leaders in architecture and design—as well as those who are beginning to make their mark. Below are the results of this year's survey.

■ HALL OF FAME ARCHITECT

Designers' CHOICE

This year's survey included even more categories for favorite industry resources. Area designers and architects weighed in on their top picks for kitchen cabinetry and countertops, bath fixtures and flooring, carpet, tile, fabrics and more; trade and retail showrooms and design events were also part of the mix. Below are the complete survey results in more than 40 categories—along with the views of some participants who chose to go on the record to explain their picks.
